

## Neurocognitive-neuropsychological services for self-payers

Our offers are based on scientifically recognized and proven methods and are carried out exclusively by qualified psychologists. Regular further education and training ensure our high-quality standards.

The rates listed below for a neurocognitive-neuropsychological assessment encompass the comprehensive examination, including a detailed anamnestic interview as well as the preparation and follow-up of the examination, the analysis and evaluation of the results as well as the detailed report of findings. The rates for cognitive training include the content preparation, execution and evaluation of the training as well as a review of results within a separate appointment.

The assessment and treatment of cognitive deficits and the often associated emotional-affective condition, as conducted in the COGITO center, is not displayed by the German Medical Fee Index (GOÄ). The services are therefore invoiced at the patient himself or herself, irrespective of any possible claim for reimbursement against any statutory or private health insurance company or another reimbursement agency. Please note that the details on costs refer to our services in German. An assessment and/or report in English can be associated with additional costs.

Paying by installments (four consecutive months) is possible.

Scope of services	Workload	Amount per hour
Neurocognitive-neuropsychological assessment <sup>1,2</sup>		
basic examination	approx. 6,5 hours	70,00 Euro
basic + disorder-specific examination	approx. 11,5 hours	70,00 Euro
basic + specific examination for dementia	approx. 14 hours	70,00 Euro
Cognitive Training <sup>1,2</sup>		
Average training duration: 16 units	per unit of 60 minutes	105,00 Euro
Counseling <sup>1,2,3</sup>		
The total costs depend on the number of units required (max. 10 units)	per unit of 60 minutes	153,00 Euro

The preparation of private expert reports will be charged according to the time required.

Scope of services	Workload	Amount per hour
Expert report – disorder-specific	according to the amount of time individually required	100,00 Euro (plus VTA)

<sup>1</sup>VAT-free according to § 4 No. 14 UStG (German Turnover Tax Act)

<sup>2</sup>If you are unable to attend a session, please cancel in advance, i.e. 24 hours before the agreed date (by telephone, answering machine or email). In case of late cancellations, we charge a cancellation fee of 60% of the service amount. This does not apply if you are involuntarily prevented from attending.

<sup>3</sup>If sessions are extended by more than 10 minutes in mutual agreement, the extension will be charged with proportionated costs of the corresponding service option.

Please note that in our center, only one patient is scheduled for each agreed appointment. This means that the specific time interval is reserved exclusively for you.
